GOVERNMENT FILES SUIT FOR MINERAL LANDS

Thursday United States Attorney Samuel Platt filed suit for the government against the Southern Pacific company; the Central Pacific company and the United Trust Co. of New York to cancel a patent to over six hundred acres of land, says the Carson News. The complaint alleges fraud in the affidavits of certain officials of the railroad company stating that the lands were non-mineral in character. It is contended by the government that the lands are valuable for the mineral they contain and ought to be thrown open for location by the prospector. More than thirty of these suits have been brought resulting in thousands of acres of mineral land being restored to the government for the development of the mineral resources of the state.

---how much Is A "Regular Customer" Worth to Your Store?

Suppose you could BUY 100 additional REGULAR CUSTOMERS during the next week or two—customers who, for years and years to come, would make a MAJORITY of their purchases of goods in your line at YOUR STORE?

What would each of these 100 customers be WORTH to you?

It is, we think, quite likely that if such an investment were possible, you'd eagerly pay TWICE AS MUCH as it would cost you to secure these 100 REGULAR CUSTOMERS through an advertising campaign big enough and aggressive enough to really make people ACQUAINTED with your store!
